

**Building lime has been used as a binder for building works for thousands of years. When it is used well, lime is quite simply the best and most versatile binder in the world.**

**Susac Lime Supply has been manufacturing lime in the traditional manner for decades and is now the only company in Western Australia making lime in this way.**

**Australia ICOMOS members have the opportunity to see the 'Lime cycle' demonstrated simply and clearly at this historic site.**

**Dan Susac will explain the process from the lime burning process, in kilns that will be fired for this occasion, through to the slaking of the quicklime for the production of lime putty.**

**Please join us to celebrate International Day of Monuments and Sites and learn more about this intriguing process.**

**When: Sunday 10 April; 2.00 – 4.00 pm followed by a 'cleansing ale' at the Ocean View Tavern, Wanneroo Rd.**

**Where: Karoborup Rd, Carabooda**

**(3<sup>rd</sup> driveway on the right – signs will be put up at the turning)**

**Please wear closed in shoes and long trousers. Note that the site is uneven and there are no disabled toilet facilities on site. There is also a lot of lime dust in the air.**
