

Productive & evolving cultural landscapes

Managing threats and accommodating change

3rd to 5th November 2017

Productive & evolving cultural landscapes managing threats and accommodating change

Australia ICOMOS Cultural Landscapes & Cultural Routes NSC

Exploring the challenges and complexities of managing change and conflict across large cultural landscapes under threat. The Mount Lofty Ranges and Adelaide Park Lands will provide the case studies, and Historic Urban Landscape management practice may provide some clues.

BUS

Departs Adelaide CBD Friday 3 November 2017 2:00pm
