HERITAGE AND CLIMATE CHANGE: MITIGATION AS PRACTICE

JUNE 20TH 2020
14.00 PARIS TIME

PETER COX

Managing Director, Carrig
Conservation International Ltd.,
President of the ICOMOS
International Scientific
Committee on Energy
Sustainability and Climate
Change (ISCES+CC)

Based on work related to ICOMOS, and our private portfolio, Peter will introduce the background to the risk of climate change on heritage, through current research and training. Peter will highlight the ways in which cultural heritage contributes to the mitigation of climate change and carbon impacts, along with the use of climate change risk assessments, and culminating with links to the United Nations SDGs.
